

Hello Cyclists,

Welcome to the 9th edition of the Spinneys Build-Up Ride 2 taking place on **Friday 5th October 2018 at Al Qudra Cycle Track!**

You've reached the halfway point in your journey to the Spinneys Dubai 92 Cycle Challenge in December and we wish you the best of luck! A few things that you need to know are listed below. Please read this carefully and get in touch if you have any further questions!

Distance:

The Spinneys Dubai 92 Build-Up Ride 2 is 50km

Location:

Al Qudra Cycling Track - [Top of the stick](#)

Times:

Two starting times are available depending on the speed **you** think you can do:

- 6.00am - 38 km per hour av. & above
- 6:05am - 37.5 km per hour av. & below

The Course:

A 50km loop. Please [click](#) here to view the course and click on the links if you would like to download the route onto your [Wahoo](#) or any other GPS Bike Computer as a GPX file Via [RideWithGPS](#).

Village:

The village and the start area are located near Zads at the top of the stick. For the location, click [here](#).

Timings Chips: Chip collection is from the Race Village on the morning of the Build-Up Ride from **4.45 until 5.45am**.

To collect your chip you will be required to leave either a deposit of AED150 or your Emirates ID.

Replacement timing chips cost AED150

Classic (yellow) champion timing chip **CANNOT**
BE USED FOR THIS RIDE.

******New for this year******

Timing System: In previous years we've used a passive timing system (MyLaps ChampionChip). However, due to the increased (Bluetooth) technologies on bikes, and the subsequent interference with timing systems, we have moved to an active timing system - MyLaps ProChip.

To ensure timing and results are as accurate as possible, we are going to be using ProChips for all the Build-Up Rides and the 92km Cycle Challenge. ProChips are 99% accurate and the technology is similar to what is used in Formula 1 cars.

Spinneys Food:

After you have completed your ride, please feel free to indulge in the delicious breakfasts provided by Spinneys. This week Spinneys is providing pancakes with a variety of toppings!

Water:

There are water stations on the track at the start/finish line and at the 23.5km mark.

You will also be able to refill your water bottles in the Spinneys Village.

Mechanical support:

Thanks to [Revolution Cycles Dubai](#) who will be on-site with basic mechanical support.

Start / Finish:

All riders will start from the village beside Zads store.

A rolling start will leave from the exit behind Zads, and the official start and finish line will be 1km from the village.

The start line will be open from 6.00am - 6.30am.

The finish line will close at 9.00am.

The Track:

The track is wide and there will be passing during the ride.

Stay to the right of the path - it will be two-way path! Allow faster riders to pass on the left.

The Accumulator:

Back again for the second year! We are calculating and keeping track of how long it takes you to do all the Spinneys Build-Up rides and the Spinneys Dubai 92 Cycle Challenge.

This will be your accumulated time and can lead to winning a set of Corima wheels. Keep up to date with the Accumulator latest leaderboard [here!](#)

Parking:

There is lots of parking at the start village. There is sand parking but please allow an extra ten minutes to get to the venue. Marshals will be guiding you.

Results:

Preliminary results are published after the ride. Any queries regarding time and results must be made before 12 midday on Sunday 7th October, when the final results will be published.

Time Trial and Aero Bars:

These are permitted in this event but will NOT be permitted in the Spinneys Dubai 92 Cycle Challenge on Friday 14th December.

These bars are ***NOT*** bunch friendly, use with extreme caution. We advise you to avoid using while in any form of groups.

See you all bright and early on Friday morning!
NO HELMET NO RIDE!

In case of an emergency call :

056 211 4374

Please quote your location, approximate km, and any notable points around you.

Remember there is a **minimum speed** to complete the 92km Cycle Challenge of **26km per hour.**
