THINGS TO BE AWARE OF:

Other Riders: Keep a mindful eye on what is happening around you and remember to signal your intentions.

Road conditions: Conditions are generally fantastic; however a pump and spare tube are essential on the challenge. The weather can be unpredictable this time of the year, so keep an eye out for puddles and standing water.

Road obstructions: The Dubai roads are generally pristine, however there are a few bumps and storm water grates that you need to keep an eye out for. Remember to call out obstacles when riding in a bunch.

Exit: The exit to and from the Dubai Autodrome to the main street is road width and narrower than the Dubai Autodrome racecourse, we suggest slowing at this point to remain safe.

Note: When registering for the Cycle Challenge, each rider has agreed to the event waiver and rules. Copies of the waiver can be found on the event registration page on [Hopasports.com](https://hopasports.com)

All participants for the 38km Community Ride will receive a participation medal and an online certificate which you can download from [Hopasports.com](https://hopasports.com)
